

# Trusted Speech and Language Therapy for Local Authorities

Online SALT services that are clinically led, outcomes-focused, and built to support statutory delivery.

# Why Mable Therapy?

Mable Therapy provides **high-quality, online speech and language therapy** tailored to the needs of local authorities. Whether you're tackling waiting list backlogs, delivering Section F EHCP provision, or seeking timely assessments, we offer a **reliable, clinician-led solution** that's **compliant, scalable, and easy to work with**.

Backed by NHS-trained, HCPC-registered therapists and robust governance, Mable ensures both quality of care and operational ease - helping local authorities fulfil statutory duties while improving outcomes for children and families.

## Who We Work With

Mable supports children and young people aged 4–25 with a wide range of speech, language, and communication needs:

- **Developmental Language Disorder (DLD)**
- **Speech sound disorders**
- **Autism and social communication needs**
- **SEMH (Social, Emotional and Mental Health needs)**
- **Hearing impairment**
- **Down Syndrome**
- **Cleft lip/palate**
- **EOTAS (Education Otherwise Than At School), virtual schools, and hospital education**
- **Early years: parent and staff coaching sessions**

Mable was asked to complete my son's initial speech and language assessment on behalf of our local trust. My son is diagnosed ASD and the therapist kept him engaged throughout the whole assessment and worked with him at his level.

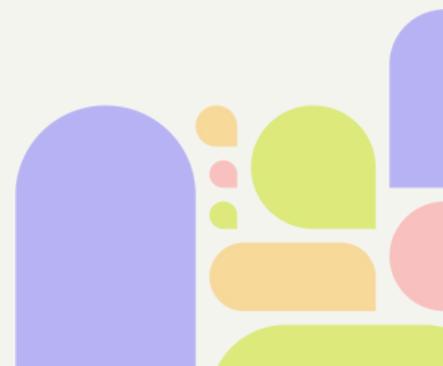

My son enjoyed the assessment process and liked playing the games. The report was completed and sent in a timely manner.

## What Our Partners Say

“The team at Mable Therapy have been **responsive on a short timeframe** in providing a comprehensive service for a high number of children and young people. The team have kept in regular touch with us, **providing technical support** and advice around the referral process and have worked with us to ensure that recommendations fit with our service delivery. Feedback that we’ve received from families has been **positive around the advice and support** they’ve received from Therapists at Mable Therapy. A great collaboration that we’ve really appreciated and benefitted from!”
